ABOUT THE PROJECT:

A dark comedy about a baby girl born during the STAR WARS boom in 1977 who shares a similar name to a certain Jedi Princess that wasn't allowed to wear underwear.

This project is a micro budget, non-paying, non-union production but a great opportunity to network, add to your production resume, and exposure for your work. All contracted cast and crew will receive a DVD copy of the finished film, on set meals, and their name in the credits.

Multi-award winning Karmic Courage Productions in collaboration with Inverted Staircase Productions will film *LEAH NOT LEIA* February 2010 in Noblesville, Indiana and its outlying areas. Past Karmic Courage projects have shown at film festivals, high schools, and sci-fi conventions nationwide. Its latest project *FIRST THEY CAME FOR* was the winner of the INDY Award for audience choice, the Gold Award for defying stereotypes, and was nominated for the Hoosier Lens Award from the Indianapolis International Film Festival.
